SIXTY-EIGHTH YEAR No. 36

CEDARVILLE, OHIO, FRIDAY, AUGUST 3, 1945

PRICE, \$1.50 A YEAR

RAIN MARS TWO DAYS OF CO. FAIR

The Greene County Fair has operated under difficulty this week. First reports over the week-end indicated the New Dealers might try once more to stop the fair. From entries one is inclined to believe exhibitors or public were not concerned what Washington bureaucrats ordered. Then rain put a damper on the races on Tuesday and stopped the carded events for Wednesday, when a three day race program was continued until Thursday.

The Ohio Hampshire hog show was held as usual, attracting many farmers and breeders.

A team of Future Farmers of America won the district judging contest Tuesday. The Jefferson Twp. team was second; Xenia, third; a second Jamestown team was fourth; while Cedarville and Jefferson teams tied for fifth place.

The contest was open to any team of three boys from vocational agriculture departments in the district. Fourteen teams judged Angus steers, Holstein cows, Duroc Jersey gilts and Southdown sheep.

Cedarville was winner in the cattle class, with first and second; Jamestown, third; Jefferson, fourth and a Jamestown team fifth.

On Holstein cows Cedarville was in first place; Butler county, second; Jefferson Montgomery county, third; Jefferson, Greene county, fourth; and Jamestown, fifth.

On Southdown ewes, Jamestown in first and second places; Xenia, fourth; Beaver Creek, fifth.

Angus steers, Waynesville, first; Jefferson, Greene, second; Jamestown, third; Ross, Butler, fourth; and Jefferson, Montgomery, fifth.

In the sheep department — Shropshire lamb, Roger Conklin, first; Foraged ewe and ram lamb Russell Donald, first, Harold Stormont, second.

Judge Golden Davis To Rule On Nevius Retrial

Common Pleas Judge Golden Davis, is expected to rule late this week, on a motion for a new trial of former prosecutor, Jerome A. Nevius, who was recently found guilty of accepting bribes from gamblers for protection at the Silver Dollar Club located near the Clark-Greene county line.

Nevius was also charged with accepting two automobiles from the gamblers, now serving time in the Clark county jail on pleas of guilty. One of the arguments for the new trial is that the transfer of the autos was made in Greene county.

Judge Davis has cleaned out the prosecutor's office, two Democratic appointees being discharged last week.

U. P. SABBATH SCHOOL PICNIC, AUGUST 16

The annual United Presbyterian Church and Sabbath School picnic will be held at Shawnee Park, Xenia, at 12 o'clock, Noon, on Thursday, August 16th.

ELIZABETH ENIS ADMX. OF HARRY SHULL ESTATE

Mrs. Elizabeth Enis, Columbus, a granddaughter of the late Harry Shull, has been appointed Administratrix of the estate by Probate Court. Beside personal property the estate comprises seven pieces of real estate in the village.

LOUIS VANDERVOORT OUT ON PAROLE BY STATE BOARD

Louis Vandervoort, 40, who has served time in the Ohio pen since 1923 for the death of a Wilmington patrolman, has been granted a parole and released to a Columbus officer. Vandervoort was of a prominent farm family but had a menial for theft of small merchandise. He was caught in the act by the Wilmington officer who was killed in the exchange of shots. It is said he was a model prisoner while serving sentence.

SAVE STRAWBERRY RUNNERS

The first runners should be saved, carefully spaced, and encouraged to root as soon as possible in order that they may develop the maximum number of leaves and vigorous fruiting crowns for next year. Rooting may be encouraged by pulling loose soil over the runners.

ALONG FARM FRONT E. A. Drake, Co. Agricultural Agent

STATE SHROPSHIRE SALE—The ninth annual Ohio Shropshire show and sale of rams and ewes will be held at the Union County fairgrounds Saturday, August 11. The event is sponsored by the Ohio Shropshire Breeders' Association with the show starting at 10:30 a. m. and the sale at 12:45 EWT.

WHEAT GOAL ANNOUNCED—The War Food Administration announces the national wheat goal for 1946 at between 67 million and 70 million acres, as compared with 68,700,000 being harvested in 1945. This year's harvest is expected to set a record above 1 billion bushels, but relief feeding of Europeans will take a lot of this wheat.

FRUIT PROSPECTS GOOD

Latest reports on the total U. S. production of peaches, pears, plums, cherries and apricots are nearly as large as the above average production in 1944. The record peach crop exceeds that of 1944 by 2,500,000 bushels. Fruit prices are expected to remain near the high levels of last year.

Most local growers report good crops. Apple scab was serious this year and caused a lot of damage in some orchards, however on the average there will be a fair apple crop this year. On the other hand a bumper peach crop is in prospect and the growers are now booking orders for August delivery.

WATER TABLE UP

The water table in Greene County on July 1, was 3.67 feet higher than a year ago according to a report made by the Ohio Water Supply Board. The report is based on measurements made by 18 farmers who regularly measure the water level in their wells. During the past three months the water table rose 49 inches. For the state as a whole the level went down an average of 1.56 feet during the last three months.

STATE CONSERVATION CAMP AUGUST 19-24

One of the outstanding awards to 4-H boys and girls is to be chosen to attend the 4-H Conservation camp at Camp Clifton in Licking County on August 19-24. The campers will spend the five days in intensive training in the proper use of natural resources and are told that their state and nation has abundant materials to provide high living standards if soil, forests, water and human beings are conserved instead of being exploited and destroyed.

Lectures and field trips are scheduled for each forenoon and the afternoons are partially devoted to elective courses in such subjects as archery, safe use of fire arms, first aid, swimming, life saving, photography, folk dancing, nature study and group singing.

REMOVE OLD RASPBERRY CANE

Old fruiting canes of raspberries should be removed after the last picking in the summer. These canes are of no value to the planting and their removal permits new canes to grow. Cutting out and burning the old canes after harvest also help control diseases in the planting.

The row middles should be thoroughly cultivated and a clover crop seeded. Buck-wheat, oats, or German millet, which winterkill will be easier to turn under and will improve the condition of the soil.

SAVE STRAWBERRY RUNNERS

The size and quality of a strawberry crop depends largely upon the care given the planting during the first summer. Frequent but shallow cultivation should continue throughout the summer and early fall. The ground should be kept in good tillth to encourage runners to start and to allow them to root.

OIL CONTROLS CORN EARWORM

Protection of sweetcorn against injury by the corn earworm is not too difficult in small plantings. For control use a commercially prepared oil and apply with a medicine dropper or oil can to the silks of the corn. The dose is about one-fourth of a teaspoonful or 20 drops.

Timing should be exact. Wait at least three days after the silks first appear at the tip of the ear before applying the oil. This allows time for the fertilization of the ear. After about three days, the silks will be wilted and the tips beginning to turn brown. With the dropper or oil can place the dose of oil in the silk mass inside the tip of the husk.

Mrs. Fred Clemans and Mrs. Bert Carroll, and little Pamela, Heiber spent the week-end in Blanchester as guests of Mrs. Clarence J. Brown.

L. L. HURLEY RESIGNS AS SCHOOL HEAD

L. L. HURLEY

Local school patrons were surprised Monday to learn of the resignation of Supt. L. L. Hurley of the local schools, to accept the principal of a school in Wilmington, O. Mr. Hurley had been connected one year with the local schools coming here from West Liberty where he was superintendent for fifteen years. His wife, who has taught in the commercial department has also resigned. During the summer Mr. Hurley has been assisting in the office of the Greene County Soil Conservation office.

There existed two vacancies in the school faculty to be yet filled.

Wilbur Conley Declines Fair Board Ter

Wilbur Conley, who has represented Greene County on the fair board for eleven years, whose three-year term expires this year, has announced his retirement.

Mr. Conley is no longer a resident of the township and county, having located in Springfield. He has been in charge of the horse department and also had charge of the fancy horse and saddle shows at the evening performances.

Mr. Conley was taken ill with pneumonia last Saturday and was confined to his bed for several days. Candidates to be voted for by the season ticket holders from this township are Delmar Jobe and Ralph Townsley. Two other vacancies on the fair board are Weir Cooper, Xenia Twp., and Delmar Harrier, Bath Twp.

Ross Twp. School Has New Superintendent

Thomas Hadelbaker, Adams county, will be the new superintendent of the Ross Township School this coming year, he having been elected to succeed C. O. Berger, Jamestown, resigned, to enter the insurance business. Mr. Hadelbaker is a graduate of Wilmington College and has taught school for twelve years and has been head of the Wayne Rural School in Adams county for five years. He is married and has four children.

AUTO OWNER FINED \$25 FOR NOT HAVING USE STAMP

Every now and then some one says the government cannot collect the \$5 use stamp required for automobiles and trucks.

To all such we see by a Columbus paper where John Parsons, McConnellsville, O., was fined \$25 Tuesday by Judge Mel Underwood at Columbus in Federal Court. Brother, if you have not made the \$5 stamp purchase even though it is a nuisance tax, you had better put up the \$5.00 tax or the New Deal policeman will get you.

Y. SPRINGS SUPERINTENDENT RESIGNS HIS SCHOOL POST

Maurice Bagby, superintendent of the Yellow Springs Schools has handed in his resignation to accept another position. He has been in Y. S. for three years and this summer attended O. S. U. The larger schools in the state and nation are outbidding local boards financially for school talent. When civilians, even at school age are employed by the government at the same wages paid many teachers, you can expect a continuance of the shortage in the teaching profession.

KENSINGTON CLUB WILL PICNIC FRIDAY EVE

The Kensington Club will hold the annual picnic this Friday evening at 6:30 o'clock at Creswell park.

School Board Elects Walter W. Boyer As Supintendent

The Cedarville Township Board of Education met Tuesday evening and elected Walter W. Boyer, formerly head of the Silvercreek Twp. schools, to fill the vacancy caused by the resignation of L. L. Hurley, who resigned Monday to accept the position of principal in the Wilmington schools. Mr. Boyer is a graduate of Cedarville College and has taught eleven years. He was supervising principal at Jamestown until his resignation three years ago when he took a civilian job at Patterson Field.

Traded Wrist Watch For Bread In German Prison Camp

Staff Sgt. Donald Fields, 24, son of Mr. and Mrs. Forest Fields, has returned home on furlough. He was a prisoner in Germany for the period to the end of the war, having been shot down over Germany in July, 1944, when he was on his 25th mission over enemy territory.

It was on July 6th that Sgt. John Nelson was shot down over Germany on his 25th mission. Both Cedarville boys had met previously in London.

Sgt. Fields was held a prisoner in Germany from July last year until the war ended. He knows the punishment meted out to American servicemen by the Nazis. Hunger was so great at one time he traded his wrist watch for five loaves of bread.

Fields entered the service Oct. 3, 1942.

WILL VOTERS GET TO VOTE ON LOCAL OPTION THIS FALL

There has been much speculation as election time draws nearer as to reports concerning the local option election. What ever is done the petition must be filed with the Board of Elections before August 8 at six o'clock.

We understand those who favor the local option are undecided as to when the election should be called, at the regular election in November or at a special election. Those sponsoring the cause can ask for a vote covering the entire village or can create wards and only those in certain wards would be permitted to vote. For instance a ward could be created by petition that would include all the business district and only a portion of the residential district. The ward or district can be circular in form or oblong or square, just so the boundary lines are distinct.

CHURCH NOTES

UNITED PRESBYTERIAN CHURCH
Ralph A. Jamieson, Minister,
Sunday School 10 A. M. Supt. Arthur D. Evans.

Preaching 11 A. M. Theme, "Lost Islands."

The Committee appointed to choose time and place for the Annual Sabbath School and Church picnic have appointed Thursday, August 16 as the date, and Shawnee Park as the place. There will be a meeting of the Church Boards, Session and Trustees, Sabbath afternoon at 2:30 p. m. in the church.

METHODIST CHURCH

Rev. H. H. Abels, D. D., Minister
Sunday School 10 A. M. Supt. Miss Betts Nelson.

Church Service 11 A. M. "Harmonious Living."

The Minister's Foundation will hold their regular monthly meeting at the church Tuesday evening, 8 P. M. A Book Review on Pioneer Methodist Ministers as recorded in the Buckeye Country, authored by Harlan Hatch, will be presented. A report will also be given on the progress of the first project that is under way.

The Sixth Annual Sabina Youth Institute is scheduled for August 6-12. An opportunity for youth—fun, fellowship and worship.

The Wilmington District will strive this coming year to gain 3,086 new additions to membership. The goal for the local church is 71. Let us get ready now for this forward push.

CLIFTON UNITED PRESBYTERIAN CHURCH

Dr. John W. Bickett, Minister.
Services at 11 A. M.
Services to be conducted by the Young People of the Clifton United Presbyterian Church, who attended the Synodical Young People's Conference at Hanover, Ind.

William Ferguson, presiding.
(Continued on Page Three)

COLLEGE NEWS

Dr. F. A. Jurkat had charge of the Chapel service last Friday morning. His theme was the uplift that comes from right living. Like Captain "Eddie", the Doctor believes that the solution of world problems will be found only in the acceptance of the teaching of the Master Teacher.

Miss Dorothy Lockhorn of Michigan was a guest in the home of Manager and Mrs. Wm. Boyce for several days recently. Miss Lockhorn and Mrs. Boyce, then Miss Piper, were members of the same high school staff in Michigan after graduation from college, and the friendship has continued—sort of a David and Jonathan case, one would say.

Pfc. Alfred Fehlman, student in CC when called to the colors, is home from Europe for a 30-day furlough, with probability that he will be sent to the aircraft gunnery in Texas. His duties called him to California, then New York, and on to France. He opines that, so far, he has escaped the shots of the little fellow with arrows, who has brought down so many others.

The date of the regular Summer School Convocation is August 17, College Chapel, 11:00 a. m. The public is invited. Details next week.

The Reverend Milton Hanna, A. B., '05, D. D., '26, pastor of the Presbyterian church, Oak Hill, Ohio, officiated at the wedding of his niece, Miss Alice Hanna, to Mr. J. B. Crumrine, Jr. at the local First Presbyterian Church last Sabbath afternoon. Dr. Hanna is a son of this church and community. In the years away back when the Dr. was a sixth grade student in a Hoosier school, he was taught by Prof. C. W. Steele.

Rev. M. S. Hostetler, '32, is in charge of the recreation work at the Youth Conference of Utah Presbytery, Salt Lake City, this summer. All who know him know that a rich, versatile program will be given the young people. Rev. Hostetler has resigned his pastorate of a Presbyterian church in Westminster, College. He was formerly Bible teacher in the same college, then of junior status. With the end of the war in sight the college has been reorganized as a four-year college and the faculty increased. After the conference, Rev. Hostetler will join his wife and three children at Green River, Utah, where the latter are on vacation. They will return to Salt Lake City with the opening of the College Year.

When Rev. M. S. Hostetler asked for dissolution of his pastorate of the Presbyterian Church he set the date as July 31st. The church accepted the resignation but not the date. To show their appreciation of their pastor's work for the past three years, the date was made August 31st—a month's vacation on pay Congratulations.

Candidates Are Circulating Their Petitions

With the time approaching for the filing of petitions for various offices in the village, township and corporation, candidates are busy seeking signatures to petitions which must be in the office of the Board of Elections by six o'clock, August 8th.

DENEHEY POOL ROOM IN NEW LOCATION

The Frank Denehey Pool Room located for many years in what was the Boyd building, South Main st., has been moved into the Barber room across the street, next to the Wanser grocery. Mr. Denehey, who was a patient in the Springfield City Hospital last week, has improved and has returned home.

The building just vacated has been purchased by David Robinson, Jamestown, from Mrs. Ethel Boyd Shaffer, Xenia, and will be the headquarters for the new cold storage locker system to be located here.

REV. PAUL H. ELLIOTT ATTENDING SCHOOL FOR PASTORS

Rev. Paul H. Elliott of the First Presbyterian Church, is attending the School for Pastors at McCormick Seminary in Chicago. Dr. F. A. Jurkat will preach for the local congregation, August 5th.

KEEP BUYING WAR BONDS

Gov. Lausche To Give Labor Day Address at College

FRANK L. LAUSCHE

Musical Students To Give Concert In Y. S. Saturday Evening

Members of the music department of Cedarville High School under the direction of Mrs. Mildred Foster, will present a program Saturday evening at the weekly outdoor concert series on the outdoor platform of the Presbyterian Church in Yellow Springs. This is one of a series of concerts that have been presented this summer to the Yellow Springs community under the auspices of the Yellow Springs community council.

The students will present a varied program of vocal and instrumental numbers, including Girls Sextette, a trumpet solo and trios, piano solos, and a novelty German band. The program is scheduled for 8 P. M. and will be held in the Bryan High School in case of rain. Admission is free and all are cordially invited.

Dr. J. Reed Miller Goes To Wheeling, W. Va.

Dr. J. Reed Miller, pastor of the First United Presbyterian Church in Xenia, and well known here in church and educational circles, has announced that he has accepted a call to the United Presbyterian Church at Wheeling, W. Va. His resignation will become effective Sept. 17 and he will begin his new duties October 1.

Dr. Miller is a native of Pittsburgh and a graduate of Pittsburgh University and the Pittsburgh-Xenia Seminary. He was honored last May at Cedarville College commencement with the honorary degree of doctor of divinity. He has been prominent in both religious and civic fields in Xenia City. He is the twelfth pastor to serve the Xenia congregation in 135 years.

Seaman George Abels Home On Furlough

George H. Abels, 18, seaman first class, (Q.M.) has just graduated from Q M service school at Gulfport, Miss., and home on a ten day leave after being assigned to the U S S Varina, a destroyer escort. He enlisted in the U. S. Naval Reserve, Sept. 16 and was called to active duty Oct. 31 to Great Lakes, where he graduated from boot training Feb. 21. Since then he has been at service school at Gulfport. He arrived by plane at Cincinnati. He is the son of Dr. and Mrs. H. H. Abels and a graduate of Cedarville High School. He was a member of the Big Red basketball team.

FARMERS COMPLAIN ABOUT "SHORTAGE IN MILK TEST"

Complaint seems to be general that farmers are being "shorted" or given a low milk test, which of course means a lower price by processors. Many say the drop in the test was not gradual but probably all in one week. One farmer reports the same cows tested much higher locally than was given by the company the week previous on the same cows, all fed the same way. Some intimate that the recent price increase for milk might have something to do with the drop in test.

A DAUGHTER BORN SATURDAY IN THE EMILE FINNEY HOME

Mr. and Mrs. Emile Finney are announcing the birth of a daughter, Mary Jo, at the McColligan hospital last Saturday night. This is the second daughter in the family.

One of the most important features of the local Labor Day celebration is to be the presence of Gov. Frank L. Lausche, Columbus, who will deliver a short Labor Day address when a tree is planted on the campus of Cedarville College honoring Sen. James H. Kyle, the father of Labor Day. The tree planting observance will be at 11 o'clock.

Plans are going forward for the 3-day Labor Day celebration when special honor will be paid a former Cedarvillian, Sen. James H. Kyle of South Dakota, recognized as the man that made Labor Day a legal holiday. He was the father of the bill passed by Congress.

In his honor the Progressive Club will plant a tree on the campus of Cedarville College. Sen. Kyle was a minister of the Congregational church in Aberdeen, S. D., having taken up the ministry after leaving Cedarville. He became a noted figure in the northwest and over the nation following his bill to legalize Labor Day which was passed in 1894.

One of the features of the three day celebration will be a "bean bake", with all the trimmings for public consumption. The beans will be cooked in a central location in large kettles and served to the public from the side walk.

Sale Of Baby Bees At Co. Fair Today

The sale of 4-H Club baby bees sponsored by the county beef calf committee will be held today, Friday, in connection with the fair. The live stock parade will be another feature that always attracts both young and old. The grand champion of the show will be picked at this time.

Government Sells Rancid Butter To Procter & Gamble

Some weeks ago Mayor LaGuardia, New York City, reported after an investigation, that several hundred thousand pounds of butter was going to waste due to high red ration point values. The consumers did not have the points to purchase the butter and it began to pile up not only in that city but other cities. Later the OPA made a reduction in butter point requirements but not until the excess butter was spoiling.

The War Food Administration immediately denied that butter was going to spoil or would be sold for making soap.

Over the week-end reports were published that several hundred thousand pounds of rancid butter owned by the government had been sold some days ago to soap manufacturers.

Tuesday when a reporter asked the Procter & Gamble Co., Cincinnati, if that concern had purchased spoiled butter from the government, the management admitted a purchase of 90,000 pounds was made from which the company made 135,000 pounds of soap.

Meantime Sec. Anderson of the Ag. Dept., let his foot slip in reporting there would be no need of rationing soap as there was plenty of it. At that very hour housewives were walking miles daily through all kind of stores hunting soap, not only for the laundry but for the bath.

Local stores have been without soap such as housewives use daily in the powdered form for weeks. The same can be said of the large chain stores in Xenia and nearby counties. All of which indicates that one of the many things needed by the New Dealers is "truth-sayers".

MRS. BETTY FIELDS REPORTER FOR "POSTINGS" AT FAIRFIELD

Mrs. Betty Fields is enjoying her vacation from her duties as Aircraft Material Dispatcher of the Radar Branch on the flight line at Patterson Field. She was recently selected as financial secretary and chairman of the Annual Radar Picnic held at Eastwood Park, Dayton. She is a member of the F. E. A. N. D. Union for civil service employees and reporter for the "Postings" weekly paper published by military and civilian personnel at F. A. A. S. C.

FRIDAY, AUGUST 3, 1945

"YOU WILL BE COLD THIS WINTER"—ICKES

Several months ago coal consumers were asked to sign the New Deal coal cards for the winter supply. Only about two-thirds of the coal consumers of each community have signed according to reports. The date has passed for signing the cards, as one local veteran realizes. The New Dealers gave in on the ground he signed after the closing date. On that particular date he was out of the country. Just New Deal duplicity of the first water.

Sec. Harold Ickes, who is the New Deal coal boss, now warns the public that this nation is to go through the various degrees of cold this winter and like it for the stock coal pile for the nation is short about 37 million tons. Meantime Ickes states he is going to send six million tons of our coal to Europe and here is where he will reap the wrath of the American coal consumers.

The silly part of the coal situation is that the New Deal tried to play Roosevelt politics with John L. Lewis and his miners, and the latter whipped everyone from FDR and Ickes down to the lowest appointee in Washington. The New Dealers gave in on the wage boost and then permitted the coal operators to increase the price of coal to consumers—to hold down inflation.

The Ickes picture of winter comfort for the aged, infirm, or the tot on the floor is anything but bright. As for the rest, we all can get by somehow. To talk of freezing inmates of institutions or prisons, helpless as they may be is but part of dumb Democratic New Deal stupidity. Our boys have suffered the rigors of cold and snow in Italy, now we are told our churches and schools will be heated at a low temperature or go on a four day schedule as will all industry. We are told there is no provision made what-so-ever to guarantee heat this winter for churches, the one institution even a New Deal Communist has little or no use for, alive or dead.

It is grinding to talk of shipping coal abroad and then feed several hundred thousand German and Italian war prisoners in this country when they could be put to work in the coal mines in Europe under the watchful eye of the army of occupation now being formed in Europe. But it seems we must adhere to another "Roosevelt secret agreement" to save coal now underground that is owned by European barons and the Bank of England following.

What President Truman accomplishes at the Peace Conference will be of little concern to Americans if and when they are permitted discomfort this winter to keep Europeans warm that have as much coal under ground as has this nation. It is anything but convincing today, no more so than we must ration baby shoes to save leather for army shoes; or to save more "steers for breeding purposes", two famous New Deal theories most Americans would like to see proven, other than on paper.

WAR—AN ATROCIOUS EVIL—RICKENBACKER

The strongest and most influential editorial that could be penned would be from the speech of Capt. Eddie Rickenbacker, at Capital University, Columbus, when he was signally honored, while a guest of his home town folks. Having tasted of the bitter, the sweet and the sorrow of two world wars east-a-drift for weeks on the Pacific in a life raft, he alone is able to lay before his countrymen his version of war and what it takes to make for the peace at home and over the world. His address before an audience of the leading citizens of Columbus, was on "Why War Makes Christians". His address is the answer to the New Deal war lords, the war profiteers, the war propagandists, the war mongers, that would continue indefinitely our men all over the world in uniform, even after victory, on the theory that the bark of a gun and the smell of smoke should entrance a nation of God-fearing people to deprive our 18-year-olds of their training as citizens, rather than soldiers, to become gunfodder that others might reap riches in war contracts of the cost-plus brand. What a pity it has been that not more of our so-called internationalists could not have had the Rickenbacker experience between life and death by drowning in mid Pacific, with weeks of mental anguish and constant prayer with his Maker until a lonely bird perched on the raft to become sustenance for the hungry half-starved victims on the raft. Prayer was answered for it was the only bird seen while floating for weeks as a leaf on turbulent waters. Yes, Eddie Rickenbacker is what New Deal war mongers and war grafters have termed him, an "isolationist", one that opposes war such as has been imposed on this nation by those who profit by war, politically and economically. Here is what Rickenbacker said in part:

"It is my conviction", the great flier, famous automobile racer, business executive and thoughtful American, declared, "that the only sure road to enduring peace lies in the practical application of the ideals of Christianity. It was Jesus who said, 'Man shall not live by bread alone but by every word that proceedeth out of the mouth of God.'"

"By the same token, it is not wealth and material resource, not physical equipment and battlements, not luxury and culture and comfort, not these things alone, that will make nations, great. This is a truth which history has proven again and again. It has been most strikingly proven in the present war.

"The crying need of the world is to return to the faith of our fathers, to the spiritual truths revealed to us in the book of books, the Holy Bible. I am firmly convinced that there is today a distinct trend of return in that direction."

Capt. Rickenbacker expressed himself on the belief that out of the horrors of war, "America has become a nation of prayerful people."

"War, he declared, 'is the most abominable sin that has afflicted mankind through the ages. It is an atrocious evil. There is nothing beautiful or noble about it.'"

Nations are sometimes drawn into war against their will and have no choice, he said, but they should seek to profit by their experiences and so live as to guard against a recurrence of wars.

"Surely it is evident to all of us," Capt. Rickenbacker said, "and to all people everywhere, that this, the most costly and ghastly of all wars, would not have taken place if the peoples and nations of the earth had governed themselves in keeping the Sermon on the Mount and the Golden Rule."

"If enough people in the civilized nations of the world lived the Christian way of life, and demanded the same standards of tolerance and justice of their leaders, there would be no more wars."

It is a striking co-incident that those who had most to do with the present World War, have taken their departure, not by their own hands directly, but from a power higher than that of their fellowmen. Hitler has gone. Mussolini has gone and Roosevelt has gone, after living through a mental torture for many months irresponsible to his fellowmen. Then, Churchill falls in the estimation of his fellowmen by a popular plebiscite. Does it not appear that Mr. Common Citizen, once removed from the sphere of hysterics to that of common sense takes the Rickenbacker view of war and the only salvation that will lead us to permanent peace. The airplane bomb, the submarine or the rifle never have and never will be a guarantee of future peace through the ages anymore than the pistol shot settles for all time a Kentucky feud.

breath until the Democratic New Deal Congress reports the results of the investigation of the recent Roosevelt loans.

Two ladies were discussing home canning in a local grocery store some days ago. One remarked she was not canning anything this year, sugar or no sugar. She said she stood over a hot stove last year canning green beans and corn and tomatoes. Then, she said neither husband or two boys would eat the beans and she had 25 quarts carried over. As for the tomatoes and corn, well one can explode after another. The second lady related her experience at canning after a few years of housekeeping. She had just a few days ago put up ten quarts of cherries and the same number of quarts of peaches. She had followed the new fangled way of canning fruit with out sugar. Result. Of the cherries four cans have gone bad and ran over the pantry shelf while the lids, and she "supposed all the rest would blow up" before long.

In speaking of home canning we see the OSU recommends how to use the substitute chemical for sugar. We get a kick out of these new ideas for we have never forgotten the mess the Good Doctor Wiley stirred up back a number of years ago. Both state and federal laws prevent canners using the chemical sugar. OSU now says can be used. Even OPA gives endorsement. The funny part is if you use the chemical sugar, then you should use a chemical acid to kill the taste of the chemical sugar. What a "Make Believe World We Live In Today?" Some culinary expert will have to invent "cast iron" stomachs if we continue to listen to OPA New Deal recipes. We almost forgot another substitute the New Deal promotes, "Olco", for butter. Now some renowned hair dresser comes to the aid of the dairy pride and says if the nation keeps on living without butter we all will grow bald. We simply must eat more butter to keep from getting bald-er.

The recent rains assures a fine crop of roasting ears for the family table. There is one fly in the butter—where and how can it be procured for the spread on the summer delicacy? Our solutions—buy a cow and place yourself on par with the farmer. By so doing you will leave more store butter to spoil so the New Deal can sell it to soap manufacturers.

We are informed there is still no gasoline for the beer truck. The ODT has been holding up on the co-operative marketing. Plan y of gasoline for the beer trucks—that is an essential under New Deal reasoning. The Greene county boy who wrote home for candy cakes, etc., because he was hungry relates how a ship load of beer was unloaded for the army, but not food enough to feed a rabbit. Mr. Truman is going to face graver food

GOOD LIGHTING...

...the key TO COMFORT AND RELAXATION

Proper lighting means proper enjoyment of the home. It's so easy to achieve! Follow a few simple rules, and presto, the thing is done. First, use bulbs of proper wattage; second, use wide, flared lamp shades; third, place the lamp properly. Always have the light coming over either shoulder. Keep bulbs clean for maximum efficiency. Let us repeat: good lighting is the key to comfort and relaxation.

Mr. and Mrs. Edwin Bradfute of Findlay, and the latter's mother, Mrs. Della Lyle of Marriana, Ark., spent Sunday with relatives. They were accompanied home by their son, Oscar, who has been visiting at the home of his uncle and aunt, Mr. and Mrs. D. C. Bradfute.

Misses Ethel and Cora McCampbell entertained relatives and friends last Thursday eve at their home on James town pike, at a miscellaneous "show-er" for their niece, Mrs. Alva Sagraves (Mary Anna McCampbell), who is a recent bride. Gifts for the honored guest were arranged on a table decorated with red, white and blue appointments and centered by a miniature bride and bridegroom. Twenty-five persons were present and the hostesses served an ice course.

BUY AND HOLD "E" BONDS

Miss Elizabeth Jane Preston Bride Of Pfc. Harold Cooley

Miss Elizabeth Jane Preston Xenia, and Pfc. Harold T. Cooley, Cedarville exchanged vows during a double ring marriage service last Sunday afternoon at 4:30 o'clock in the Clifton Presbyterian Church. The bride is the daughter of Mr. and Mrs. C. M. Preston, Xenia.

White shasta daisies and two candelabra were arranged at the altar and Rev. Malcolm Harris performed the ceremony. Mrs. Mildred Foster, organist, aunt of the bride, and Miss Jeannette Spahr, vocalist, presented a musical program before the ceremony. Their selections were "At Dawning", "Because", "Sweetest Story Ever Told" and "My Hero".

Miss Pauline Rollins, Dayton, was maid of honor and the only bridal attendant. She wore aqua blue crepe

with white accessories and a corsage of roses.

Mr. Preston gave his daughter in marriage. The bride's gown was of white lace faille with white accessories and her corsage was white roses. The Bible she carried, a gift of the bridegroom, was covered with mother-of-pearl and had been sent from Palestine. She wore a blue and white beaded bracelet worn by her great-grandmother on her wedding day in 1832.

Mr. Cooley's best man was Mr. Harold Corry, Clifton pike, and the ushers were Mr. Emile Fumeyl and Mr. Frank Hader.

Mrs. Preston wore for her daughter's wedding a white and blue long-sleeved with black accessories and a gardenia corsage, and the bridegroom's mother, Mrs. Wilbur K. Cooley, was attired in navy blue and white crepe. Her accessories were blue and

she also wore gardenias.

Party relatives and friends of the couple were guests for a reception at the home of Mrs. Mildred Foster in Yellow Springs following the marriage. The home was decorated attractively with shasta daisies and stephanotis.

Mr. and Mrs. Cooley left for a short wedding trip. She wore a two-piece black sheer alpaca trimmed with lace, matching accessories and a corsage of roses. Both are graduates of Cedarville High School and she is employed by the Chandler-Evans Corp., Dayton. Pfc. Cooley was with the air corps in Africa eighteen months. He is the son of Mr. and Mrs. Wilbur K. Cooley.

Out-of-town guests for the wedding and reception were from Troy, Dayton, Springfield, and Cincinnati.

HANNA-CRUMBINE WEDDINGS

Miss Alice Hanna, daughter of Mr. and Mrs. Arthur D. Hanna, was united in marriage to Mr. James B. Crumrine, Jr., at four-thirty Sunday afternoon at the First Presbyterian Church. The couple stood before an altar of banked palms, fern and baskets of white gladioli and lighted by two seven-branch candelabra.

The musical program was by Mrs. Rankin McMillan, organist, and Miss Phyllis Bryant. Miss Bryant sang "The Sweetest Story Ever Told" and "O Promise Me". Mrs. McMillan's selections were "Love's Greeting," "At Dawning," "Ah, Sweet Mystery of Life," "I Love You Truly" and "Evening Star". During the service she played "Because," the wedding march from Lohengrin and Mendelssohn's "Wedding March".

The double ring ceremony was read by Rev. Milton G. Hanna, Oak Hill, uncle of the bride, who was assisted by Rev. Paul Elliott, pastor of the bride. About 250 guests were in attendance.

Miss Iveland Schisler, Newark, former roommate of Miss Hanna at Ohio State University, was maid of honor and Mary Margaret Miller, Columbus, was flower girl. Miss Schisler's two-piece dress was of pale pink and she wore a crownless picture hat, while Mary Margaret, daughter of Mr. and Mrs. William B. Miller, was in a dress of light yellow trimmed with white lace. She wore a tiera of baby breath and sweet peas and carried an arm bouquet of rose petals. Miss Schisler's left corsage was of Johanna Hill rose buds.

The bride, given in marriage by her father, chose for her wedding a two-piece street-length frock of poudre blue, styled with three-quarter sleeves and a sweetheart neckline, with which she wore a navy blue hat, navy blue accessories and an orchid corsage. Her single strand of pearls was a gift of the bridegroom.

A cousin of the bridegroom, Mr. Argus Osborne, Dayton, performed the duties of best man and three cousins of the bride, Mr. Herbert Powers, of this place, Mr. Marcus Powers, Sabina, and T. Sgt. James Hanna, of Wright Field, were the ushers.

At the reception at the home of the bride Mrs. Hanna wore a black sheer dress with heavenly blue shadow embroidery and accessories of the same. Her corsage was of red roses. The bridegroom's mother, Mrs. James B. Crumrine, also wore black sheer, with black lace trim, matching accessories and pink roses. They were assisted by Miss Edna Hanna, Mrs. John Powers, and Miss Ora Hanna in entertaining the 125 guests present. The dining table was centered by floral arrangements and the wedding cake was placed on a small table.

The bride and groom left on a short wedding trip and on their return will reside on the Catherine Masters Home stead farm on the Jamestown pike. The groom is associated with his father in farming.

Farm Topics

Treated Fence Posts Last Twenty Years

New Method Cost Now Reduced to Six Cents

THE chlorinated phenol dunking method of treating fence posts, a comparatively new wood preservative, can be used at a cost of from 3 to 6 cents per post. Tests conducted at the University of Idaho experiment station show that the life of soft wood posts, properly treated by this method, will be from 15 to 20 years. They found that the

bottom of the post will last the life of the top.

Not only is it possible to treat fence posts, but fence rails, gates, barn sills, bridge timbers, irrigation gates, and similar places can be treated.

Chlorinated phenol is a liquid concentrate, and can be obtained full strength or diluted with various amounts of oil. Buying in concentrate form saves shipping and storage; it can then be diluted in proportions of one part of concentrate to 14 parts of diesel oil, stove oil or old crank case drainings. Not only for this purpose but for spraying purposes, it is usually possible to secure crank case drainings at service stations at little cost.

FOR SALE—Kitchen gas range. Good cooker and good baker. Phone 6-1821. Fred Ewry

Remodel Your Clothes to Get That 'This Season' Style Look

By CHERIE NICHOLAS

LIKE to sew? If you do, the present "duration" period brings opportunity to your very door, knocking as it never knocked before, with the result that a new order of things is taking place in the world of fashion, due to wartime economy. The challenge has been brought to women to conserve and to save by "making the most of what you have."

The sketches in the illustration herewith have a story all their own to tell as to ways and means of achieving smart camouflage for dresses too good to discard yet needing some deft touch to give them a "this-season" style look. If you have not already done so, learn to take advantage of the labor-saving devices available in modern sewing machine kits. It's simply amazing what can be achieved in way of scalloping, tucking, ruffling, embroidering and so on right on your sewing machine. It behooves every woman to seek instruction at neighborhood sewing centers as to the use of the cunning contrivances that go to make up modern sewing machine equipment. For instance, only the duly initiated know that there's a two-headed embroidery attachment available in sewing machine kits that permits you to stitch two threads of different colors at one time. The bodice top to the dress, sketched in the upper right corner, was made of a beige flannel stitched diagonally. This new improvised front took the place of a well-worn section.

The dress with the fitted bodice and the dirndl skirt was sans trimming of any sort last season. To give it a new look the resourceful owner thereof lavished intricate braid trim on waist and skirt, using a braider attachment. A transfer

pattern makes it easier to achieve a pleasing design.

The pretty and very fashionable low square neckline of the black velvet bodice, also the above-elbow sleeves shown to the left, are finished off with a ruche trim of snowy organza, the same hemmed to a nicety on the sewing machine.

Centered to the left, a simple crepe frock has the worn places on the waist completely concealed under two wide scalloped bands of contrast fabric, with matching bands on the sleeves. Black on black is smart for this, either black velvet on crepe or black satin. Color contrast would also be effective.

The girl with the long bob in the lower left corner takes pride in telling her friends how she transformed a much worn ugly duckling dress into a chic frock by making a new bodice front of a plaid remnant found in the family scrap bag, using the good parts of the discarded front to make the becoming collar.

A new yoke and new sleeves of dainty pastel wool rejuvenates the dress centered in the group. The collar is made out of scraps of the part cut from the dress.

Take a square of gay print. Self fringe it all around or hemstitch it around on the sewing machine. Cut this square diagonally across making two triangles. Tie one about the neck nonchalantly. Cut the remaining triangle into two small ones, tying each about the wrist as shown in lower right corner.

Released by Western Newspaper Union.

POST-WAR FLYING IN YOUR HOME TOWN

By C. C. CAMPBELL, Member, Aviation Writers Association, Washington, D. C.

Location is one of the most important features. It must be convenient to the business or residential section it is to serve. Folks will object to making long surface trips to and from the airport. Situation close to a major highway will eliminate the expense of developing long access roads. On the other hand, it must not be too close to heavy surface traffic, high buildings, radio masts, or chimneys which might offer safety hazards.

Adequate size is determined by the length of the runways. It can be as little as 80 acres if properly laid out in the shape of an L, T or X. This would serve the personal

SUBURBAN AIRPORT—Aerial photograph of a city of 5,000 population showing how the airport should be placed well within the central area of the community. The airport pictured above will give ready access and egress to visitors, including businessmen, relatives and cross country travelers.

portant as the class of people who live in it. If they are progressive, they will want an airport near the community be small or large. Aviation leaders such as members of the Personal Aircraft Council, Aircraft Industries Association of America, believe that every community (there are 16,762 in the U. S.) should have at least one landing facility. Present and immediate future needs will determine the size of the facility, with ample room for expansion through additional airports as the need grows in later years.

Selecting the site for the airport may cause some trouble. Realty companies or land owners might be inclined to sacrifice public interest to a desire to unload unprofitable land. With the cooperation of the community, however, this can be avoided. It is usually a good policy, authorities believe, for several sites to be chosen at first. When the advantages and disadvantages of each can be weighed and compared.

Character

In every circumstance, the quality that counts most is individuality of character.

When good taste and common sense prevail, beauty, harmony and reverence mark a funeral service, regardless of its cost. When we serve, each family exercises complete freedom of choice in selecting a service priced to meet its wishes.

Bankers and Farmers Swing Into Action On Soil Front

Bankers and farmers of Montgomery, Preble and Greene Counties met recently at the Van Cleve Hotel, Dayton, to launch in this area the program for financing restoration of the soil sponsored by the Federal Reserve Bank of Cleveland.

The program is being developed throughout the Fourth Federal Reserve District to aid in the rejuvenation of farmlands, seriously depleted by the demands of war, through adequate fertilization and liming, rotation of crops and combating of soil erosion.

"For at least 15 years," declared Phil S. Eckert, agricultural economist of the Federal Reserve Bank who is conducting the series of meetings, "there has been a continuous decline of soil resources in Ohio, with a marked acceleration in the downward trend since the

For Sale—Two-piece upholstered Living Room Suite. Condition fair. Phone, 6-1982.
